After reviewing the report and your response, I have decided to resolve this case administratively. Based on the information provided, I find Phi Kappa Sigma responsible for all policy violations. Based on the report, Phi Kappa Sigma was digitally advertising social events that were registered to serve alcohol, and I was able to verify this myself by looking at Phi Kappa Sigma's event registration history.

This finding of responsibility will be recorded as an organizational warning from MIT that Phi Kappa Sigma's behavior in this situation violated Institute expectations. This warning should prompt your house to reflect on this incident and the behavior. Please note that this letter to file does not directly impose any loss of privileges on Phi Kappa Sigma. However, if you are involved in any type of misconduct in the future, this letter will be considered in determining how your case should be heard and during sanctioning. I am only issuing a warning because once informed of the violation, Phi Kappa Sigma removed the post relating to social event advertising from their Instagram.

Sincerely,

Tobe Obochi
